

It's 750 won.

Ah.

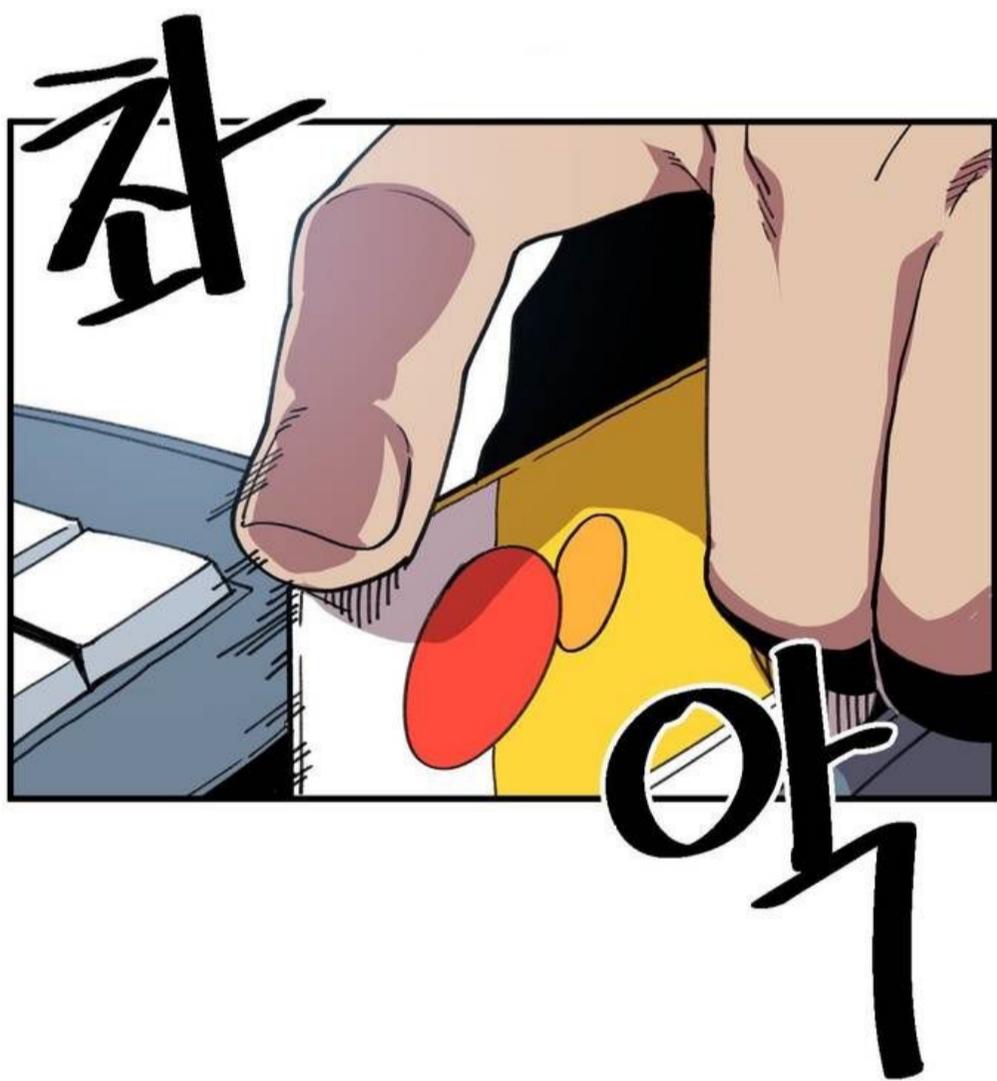

Uh...um... just a moment...

CREDIT CARD

H-here...

...Young man

Your card says it has insufficient funds.

AHK

I was expecting something like this to happen...

Ahh...

But to think it would happen so quickly...

I don't even have any money for food now...

Sigh...

Please retrieve your card

What am i supposed to do now...?

Sigh...

Hungry...

RUMBLE

I can't believe I don't even have the money for a single cup ramen...

Pathetic!

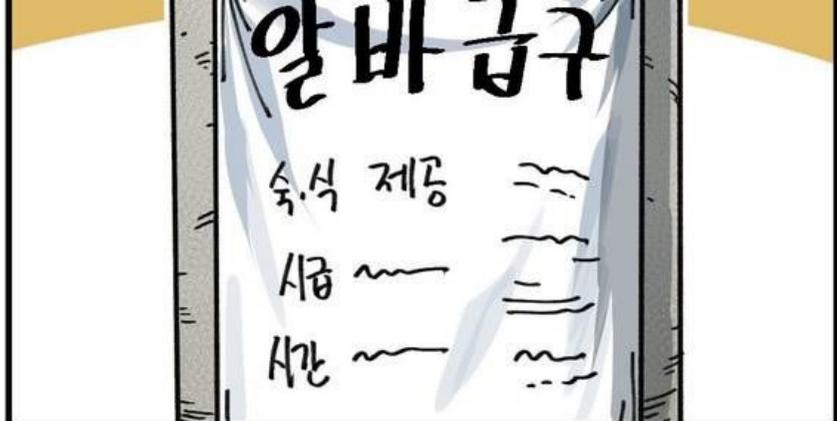

RUMBLE

MISERY + 1,  
BITTERNESS + 1

What do I do...  
I can't just starve forever

!

I guess I really should find some work...

Only place in his room that has any wifi.

I hope I find someplace that isn't too difficult and pays well...

Hmm... seems like most positions only get paid monthly...

I'd prefer getting paid immediately though...

But still... I wonder if I can do this at all...

I can barely go to the convenience store because my social anxiety is so bad...

Much less interact with customers at a store...

Yeah... now that I think about it a part time job might be way over my head.

Besides, there's no guarentee I'll be able to show up to work regularly either...

**Uhk.**

And they say beggars can't be choosers...

Hey.

This might work...!

To think I can even make money  
without ever leaving my house...

**This is the best!**

**Attaching Teddy Bear Eyes**  
< 30won each; 1000 teddy bears total >

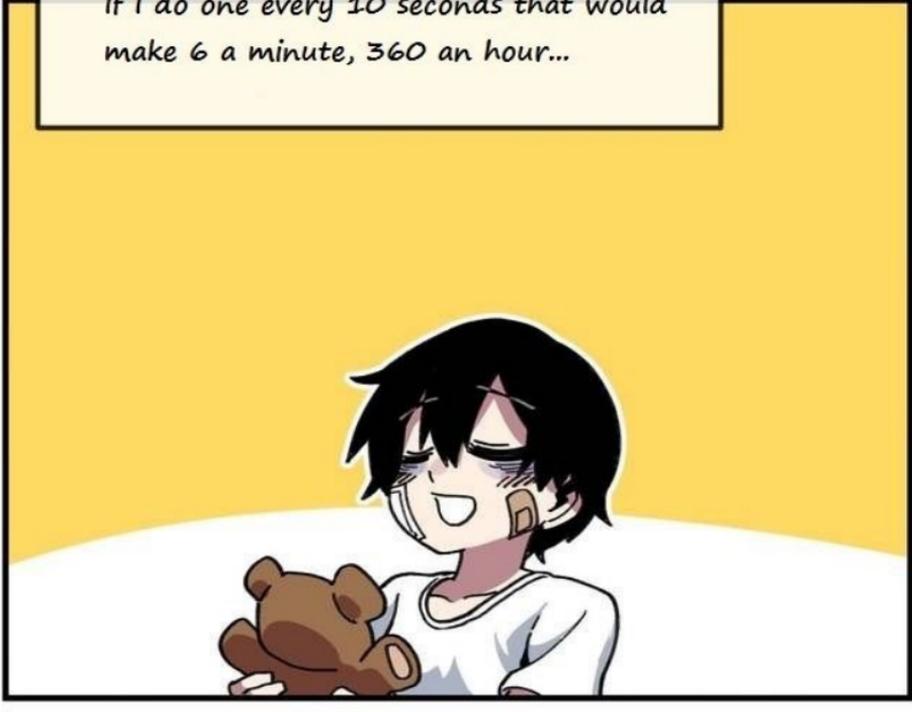

The work isn't all that hard...

And best of all, I get to stay at home even while making money.

Making money might just be easier than I thought!

If I do one every 10 seconds that would make 6 a minute, 360 an hour...

So... in just 3 hours I'll be finished!

And wouldn't that make my hourly wage around 10000won?

I mean, that's probably more than what people usually get right-?

I'd better finish this batch up quick and get even more!

Working is awesome!

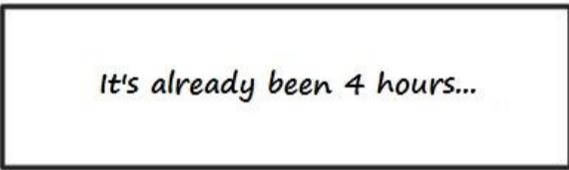

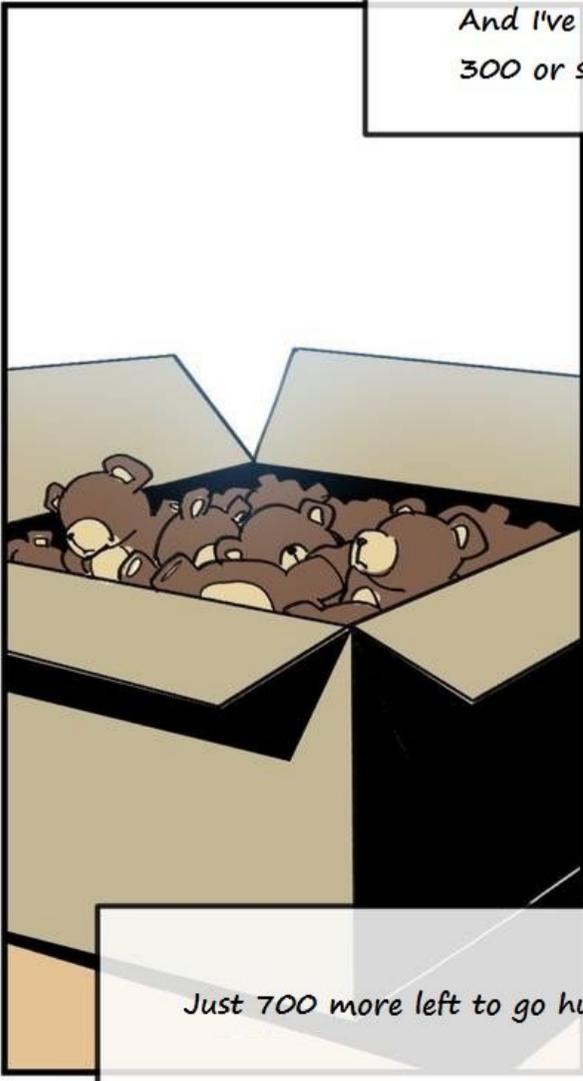

So tired...

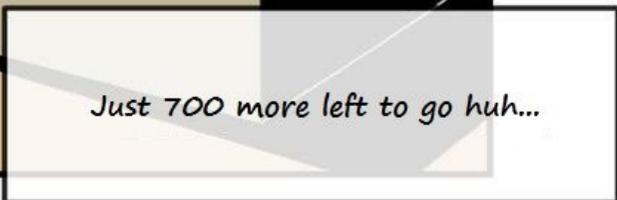

It's already been 4 hours...

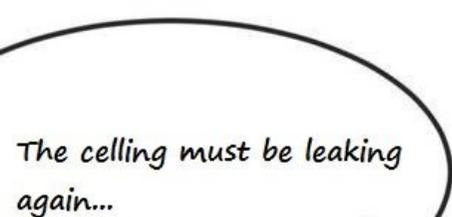

And I've only finished  
300 or so...

Just 700 more left to go huh...

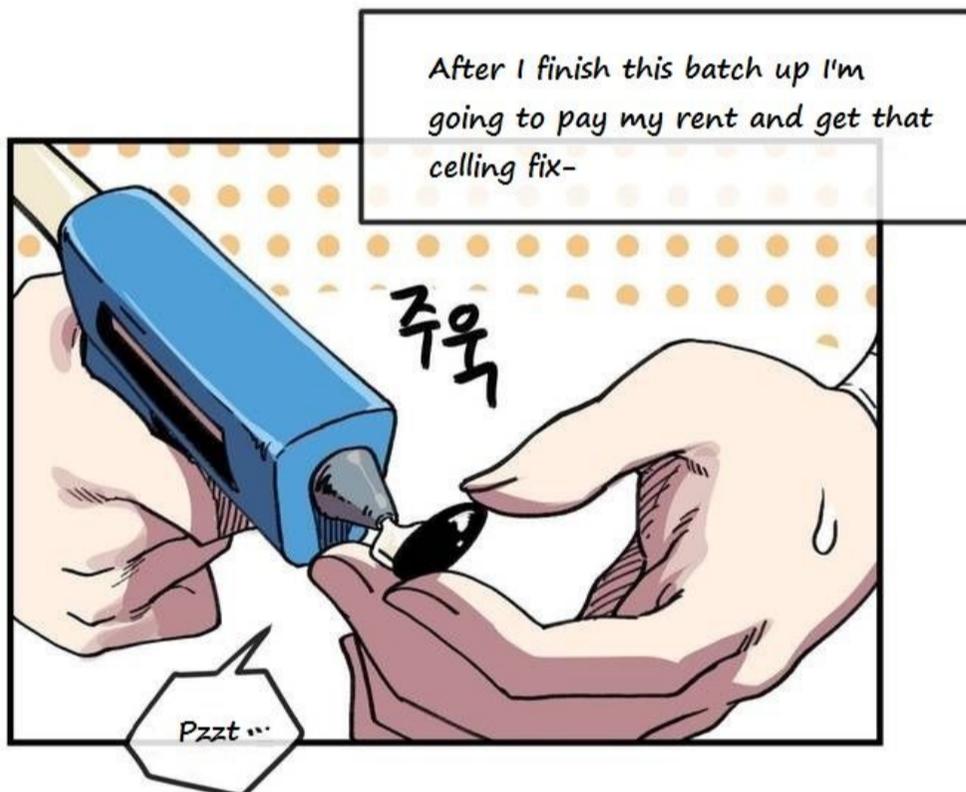

At this rate I'll have to stay up the night!

I'd better be careful not to get water stains on the wares...

**Hot!!**

I've had enough!  
I'll finish the rest tomorrow!

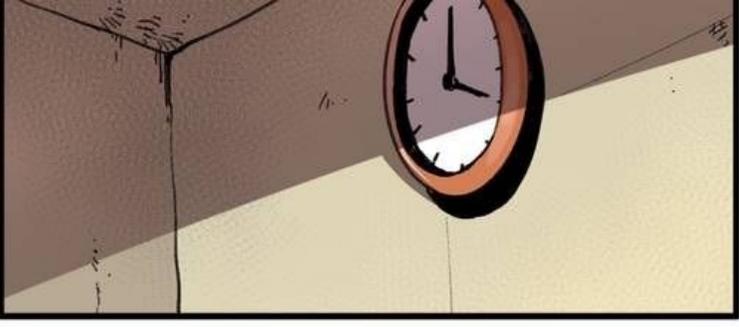

My hand hurts and I'm already  
tired from working all day...

Besides, I finished more  
than enough right?

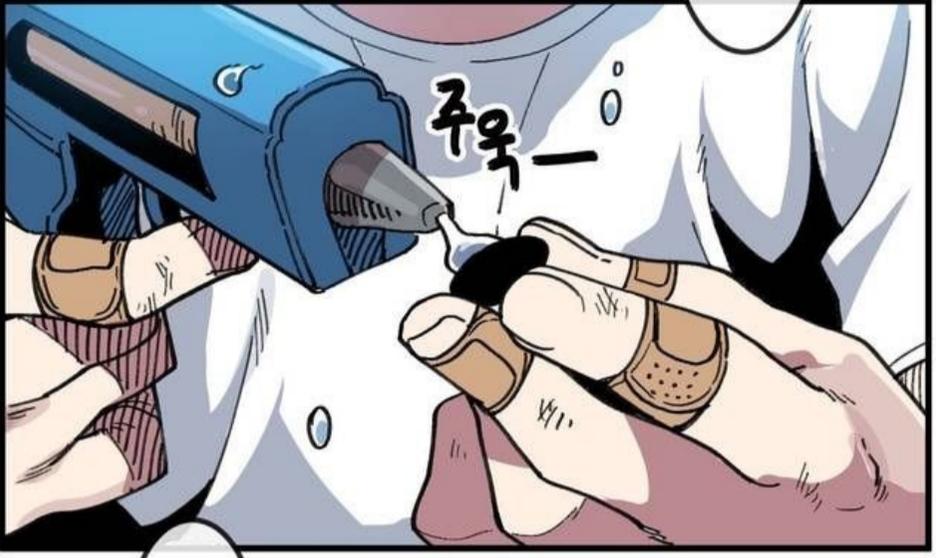

1000 was just too much to  
begin with anyway.

What should I do when I finally get paid?

Happy Thoughts.

Oh yeah, first I'll pay off my water bills. At least then I'll have running water.

Then maybe that, and the stuff I saw then and...

Ooh, and that really tasty thing I saw too...

Having money sure is awesome!

Water still leaking
