Good points

Good example sentences.

Interesting motivation behind your kanji name.

Points to improve

I miss examples of kanji compounds that use the characters from your name.

It would be nice to have furigana with the kanji used, especially in the example sentences.

Good points

The added pronunciation in hiragana is helpful

Points to improve

Maybe more example words and sentences could be added.

I would swap the analysis of the two kanji around, as that is also the order in which they appear in your name.

Furigana in the example sentences would be helpful
