Betreft	Request to extend the election period		

Dear Central Voting Bureau,

In light of recent events, notably the protests and subsequent closure of the University for two days, we recognize the substantial disruption caused to the traditional campaigning period for student parties. The election week serves as a pivotal time for student engagement and advocacy, yet the unforeseen circumstances have impeded the ability of many parties, especially those without established manifestos, to effectively communicate their platforms.

In response to these challenges, we, along with several other student parties, respectfully request an extension of the voting period until 22/05/2024 at 23:59 in all districts except for the Law and Medicine Faculty.

The Medicine Faculty remained unaffected by the closure and therefore does not require and want an extension. Furthermore, in the case of the Law Faculty, the Founding Students have expressed their disagreement with the extension, and out of respect for fairness, we honor their decision not to receive an extension in the Law district.(so excluding PPLE)

We are pleased to inform you that **all other parties**, including the **Central Student Council**, have unanimously agreed to the proposed extension.

We firmly believe that extending the voting period in the specified districts is essential to uphold the integrity and inclusivity of the electoral process. By granting this extension, we seek to ensure that all parties have an equitable opportunity to engage with voters and present their platforms effectively.

UNIVERSITEIT VAN AMSTERDAM

We appreciate your attention to this matter and your commitment to fostering a fair and transparent electoral environment at our University.

Warm regards,
